

THE GREEN SPACE.

Event Pack

THE GREEN SPACE.

Tucked away on our family macadamia orchard in Patetonga, The Green Space is a relaxed, flexible venue made for bringing people together. Surrounded by established trees and overlooking the Hauraki Plains towards the Coromandel Ranges, it feels wonderfully private while still being within easy reach of Hamilton, Auckland and the wider Waikato.

From birthdays and family celebrations to meetings, workshops, corporate events and community gatherings, the space can be set up to suit all sorts of occasions. Keep things simple or make it completely your own — our experienced events team is here to help with the details and make organising your event easy.

Additional lighting and theming equipment available on request.

FOOD.

At The Green Space, you're welcome to bring your own catering or use a caterer of your choice — whatever works best for your event.

We also have some great local caterers we're happy to recommend if you'd like a hand finding the right fit.

Catering tables are available on request, and full access to our commercial kitchen can be added to your venue hire for \$450 incl. GST.

All catering, rubbish and recycling must be removed from the venue at the end of your event.

BEVERAGES.

The Green Space is a BYO venue, which means you're welcome to supply beverages for your guests. Individual guests cannot BYO alcohol.

If alcohol is being sold — including through ticket sales or a cash bar — the appropriate alcohol licence and a certified duty manager will be required. As The Green Space is not a licensed venue, this will need to be arranged for your event. If needed, we're happy to help you source a licensed duty manager.

For private events where alcohol is supplied free of charge, we ask that a responsible, non-drinking person is nominated to oversee the service of alcohol and help monitor intoxication.

Whenever alcohol is served, sufficient food and non-alcoholic options must also be available.
